

CONTRACTOR AND VENDOR CHEMICAL DISCLOSURE FORM

Red River Mill requires all contractors and vendors to have a chemical disclosure form submitted and approved at least every two years in order to conduct business with and be allowed entry to the mill. For example, if you submitted one in 2015, your form will expire January 1, 2017.

Check one below:

	<p>My company will NOT bring chemicals on the mill site. Be sure the company information is complete to the left and email this form to gretchin.tibbett@ipaper.com.</p>
x	<p>My company WILL bring chemicals on the mill site. Be sure the company information is complete to the left and fill in the contractor use section below for each chemical. Email this form AND all SDS (must be no more than 5 years old) to gretchin.tibbett@ipaper.com.</p>

Contractor Company Name	Etheredge Electric Company
Name of Contractor Contact Person	Mark Causey
Contractor Company Address	6719 Woolworth Rd Shreveport, LA 71109
Contractor Company Contact Phone Number	318-688-5351
Name of Red River Mill Contact	Larry Wade
Date of chemical disclosure submittal	
**Signature of contractor company contact person	

**With my signature I am verifying that the listing of chemicals is accurate and complete. If at any time the chemical disclosure changes in any way, whether chemicals are added to or subtracted from the list, I will notify the mill of the changes so that proper approval can be obtained. I recognize that failure to disclose this information is a direct violation of the Red River Mill chemical control policy and could result in my company being banned from Red River Mill.

Email is preferred; however, hard copies may be mailed to International Paper, Red River Mill, Gretchin Tibbett, PO Box 377, Campit, LA 71411
